From my brief visits I saw nothing but joy from the children. My granddaughter built a toy and after her 1st hammer stroke she turned to Mom and said 'This is so much fun'....Thank all the guys as I still marvel at their skills on the various..... and yes we'll see you next year again.

On behalf of the Kamloops Woodworkers Guild we thank you for the opportunity to demo a few of our skills to the children. Whether it was watching a top being turned or getting to build a toy car/truck the kids had a great time at our booth. We love to get them involved in woodworking at an early age. From our perspective this was a wonderful and successful event.

Thanks Jim....we hope to see you again next year.
