WELCOME TO THIS MONTH'S NEWSLETTER:

Hi All. And again, we're at the end of another year for KWWG... December's meeting had a great table of "home made" goodies that were won by all who were in attendance. Great stuff all around. Work Bees are now set dates, (see Old Business), to be held at Les' place on Dallas Drive, and any who can contribute, please let Les or Steve know prior to the next meeting, so we can report the response, and we'll get some toys and cut-outs done for our demo involvement.

Wishing one and all for a Very Merry Christmas and a Happy, Prosperous New Year in 2020.

Now, on with the Newsletter.
Steve.

CALL TO ORDER: Les Eliason

- Les called the meeting to order at 1915.

GUESTS – NEW MEMBERS:

- Les introduced Ray Grindon, retired CN Railroader who is looking for something to fill his time. Is involved with model railroading, and was involved with RC aircraft. Got tired of that and is looking around.
- Young son of Jessica... Getting exposure...

TOOLS:

- Denis Biron has a new compressor. The old one rusted away...

OLD BUSINESS:

- **Anything Interesting?**
 - **Terry Shupe** delivered over 200 wood toys to Christmas Amalgamated yesterday.
- **Work Bees;**
 - Les suggested two (2) tentative dates for work bees to be held at his place. [250-573-2277]-[5696 Dallas Drv] Date No. 1 – **Jan. 18**, Saturday and No. 2 – **Feb. 08th**.

NEW BUSINESS:

- Are there any further suggestions as to gaining exposure for us?
 - Farmer's Market?, Home Depot?, Home Hardware?, Windsor Plywood?.
 - Anne to inquire at Home Depot for a "Demo Day" at their location.
- Pamphlets – Steve to design an updated pamphlet and send to Keith McBratney to print. (Must be sent as a .pdf file.) **(Done and they look great. Asked Keith to print 250.)**
- Anne gave a report that the RIH Auxiliary needs "male orientated" magazines or books. If you have some to donate, take them to the Information Desk on the 2nd floor, just north of the shop, and they'll take them from you.

SHOW & TELL:

- **Francis Shuter** – Thai massage tool. Francis demonstrated how it works on the body.

- **Jim Ferguson** - Home Made bicycle all of wood, other than bolts and wheels.
