GOOD & WELFARE:

Anyone know how Francis S. is doing? Haven't heard this year...

Les is scheduled for carpal tunnel surgery next month. Then a second round in 2 months.

Judy got herself a new oscillating tool this summer.

SCHOOL BOARD:

Insurance for our season, in the school, is now in place. Letter to be delivered.

YEAR END BBQ FINANCES:

The cost to the Guild to put on the BBQ was; **\$121.00** and the silent auction and sales brought in **\$207.00**. After paying back Les for expenses, we made **\$86.00**.

Dave G. let it be known that he had talked with Brian at Windsor Plywood, and he offered us a Demo Day as well.. Now it seems we have to put it off until spring sometime.

We should be planning a work bee out at Les' place sometime in the spring, before April when we have to plan for Meet A Machine. (Jim M. hopes to restart in a big way.)

2X4 CHALLENGE:

Warren floated the idea of a community-wide 2s4 Challenge and try to get more people involved.

Warren said he would start if off, but did not want to go pounding on doors for donations for prizes. He would like some volunteers for this effort.

MEETING DEMOS:

Les wanted to start a list of volunteers who would be willing to put on demos through the year at each meeting... Could be on any wood work themed items.

SHOW & TELL:

- Terry S. – Showed photos of him giving wooden toys to kids of Ukrainian Refugees at the United Church Hall...
Also showed a photo of his son's participation in a "Toys for kids" motorcycle ride through town on his Harley Sportster.

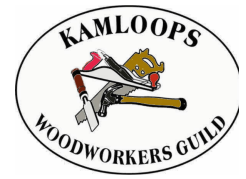

- Carl O. – Showed his Maple turned bowl and gave a brief history of how he got the wood and the challenges in making it dry so it wouldn't crack...
He then told us of his fun with a cedar burl he got from Tolko and it was a headache from the start to finish... (wouldn't do that again!)
