## **WELCOME TO THIS MONTH'S NEWSLETTER:**

Hi all; Here we are into October and things are rolling along for things for us to get involved it.. KMS Tools hosted us for a Demo Day on Oct. 15<sup>th</sup>, and hopefully everything went to plan. We are hoping to hear from Meet-A-Machine's organizer, Jim M. either in Dec. or Jan. (Usually held in April.) Also, planning for the spring, Windsor Plywood has offered their property for a Demo Day there as well. There was also talk of holding some more toymaking days out at Les' place like we did in 2020. Now, on with the newsletter.

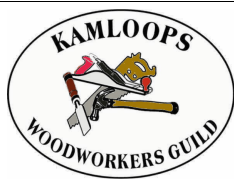

## CALL TO ORDER:

Les called the meeting to order at 1900.

## NEW FACES:

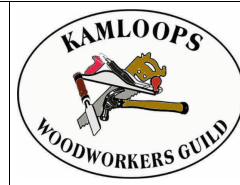

Tony Brummel, a long time ago member, showed up tonight...

## GOOD & WELFARE:

[www.kwwg.net](http://www.kwwg.net)

Francis is trouble and is, as of tonight, bed ridden at home. Had done another stint in RIH.

Jerry G. is scheduled to travel to Kelowna for cancer tests.. (Good Luck to Jerry.)

Denis B. has had a set-back and is selling off his shop stuff as he is presumably finished working in his shop for now. Nick S. is now taking his place as a Guild Director.

## TOOLS & WOOD:

Tony B. has a bunch of items that he wants to get rid of for a fair price.

A person, named Don Potts has some burls he want to get rid of. Les to forward contact info later, after talking with him.

Les then gave us a rundown on what happened on their trip home from Sask. \$1900.00 tow into Kamloops from Revelstoke....

## KMS DEMO DAY:

To be held on Oct. 15<sup>th</sup>, Saturday, 10:00am to around 2:00 – 3:00pm.

We had 6 – 7 volunteers show hands at this meeting.

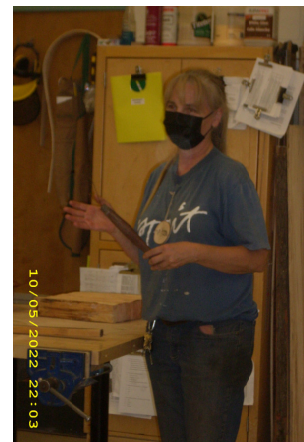

We need to bring lathes, turning tools, tent, etc. they will supply power.

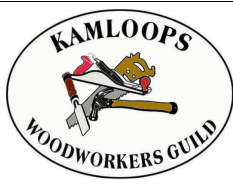

## JUDY'S DESK REFURBISH CONTACT:

There is a man who wants a refurbish of an old oak desk. Tony Brummel showed interest. Contact is: Gerry Ammond – 250-571-2680

## SHOW & TELL:

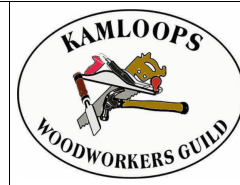

- **Donna K.** – two samples of weeding tools she invented using band saw blades as part of them

[www.kwwg.net](http://www.kwwg.net)

- **Victor H.** – A huge chunk of Douglas Fir that he’s been working on in his back yard.

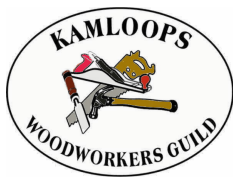

- **Don I.** – 1 turned bowl with an optical illusion in the bottom.

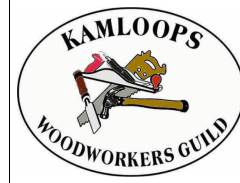

- **Dave A.** – two turned burl bowls that were soaked in fiberglass resin, then dried, prior to turning just to hold them together during the turning process.

## DEMO: - DAVE G. - HAND TOOLS

Dave started by giving a brief, but informative, history of using hand tools in the distant past, and wanted to impress that the early world's buildings were all made with hand tools.

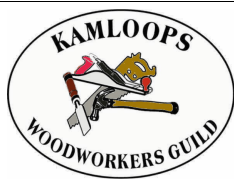

He then demonstrated different techniques used in cross-cut, and rip-cut saws, and their uses.

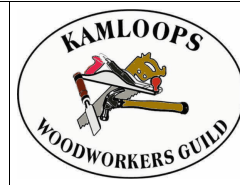

His final phase of the demo brought out the fine – finishing joinery tools, saws, and markers, etc...
