WELCOME TO THIS MONTH'S NEWSLETTER:

Hi All... January has come and almost gone, and we're looking forward to at least one work bee, and possibly another, depending on production numbers... We had a great demo from Bil Gowans, on his system of making band saw boxes in his shop... We are expecting to hear from Meet A Machine's boss, Jim Moorehouse soon, so we can prepare for it, and a Demo Day at Windsor Plywood's location. Of course we have questions on this year's July 1st Canada Day Art In The Park. Watch this space.
Now on with the newsletter...

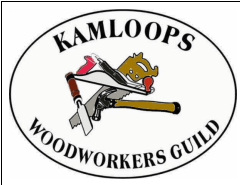

GUESTS & NEW FACES:

Les welcomed a new face in the crowd, and asked him to introduce himself... I'm Patrick Vicars – born here and lived here most of my life, did woodwork in my younger days, and then work got in the way, now I'm retired and wanting to get back into woodwork.

TOOLS & WOOD:

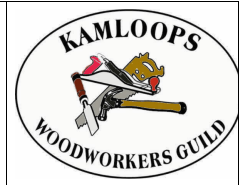

- Keith C. got possession of a Lee Valley sanding tool that has 1" sanding strips on it...
- Warren J. – filed 41 chisels and made them perfectly flat before sharpening.
